

# Spiral Drain

Post Operative Silicone Drain ideal for all surgical procedures

## REDAX®

dall'esperienza, le nuove tecnologie del drenaggio

Specially designed silicone tube with 4 narrow helical ducts. Ensures automatic and continuous capillary drainage.

Suitable for several surgical applications, including neurosurgery, mammary, abdominal and orthopaedic.

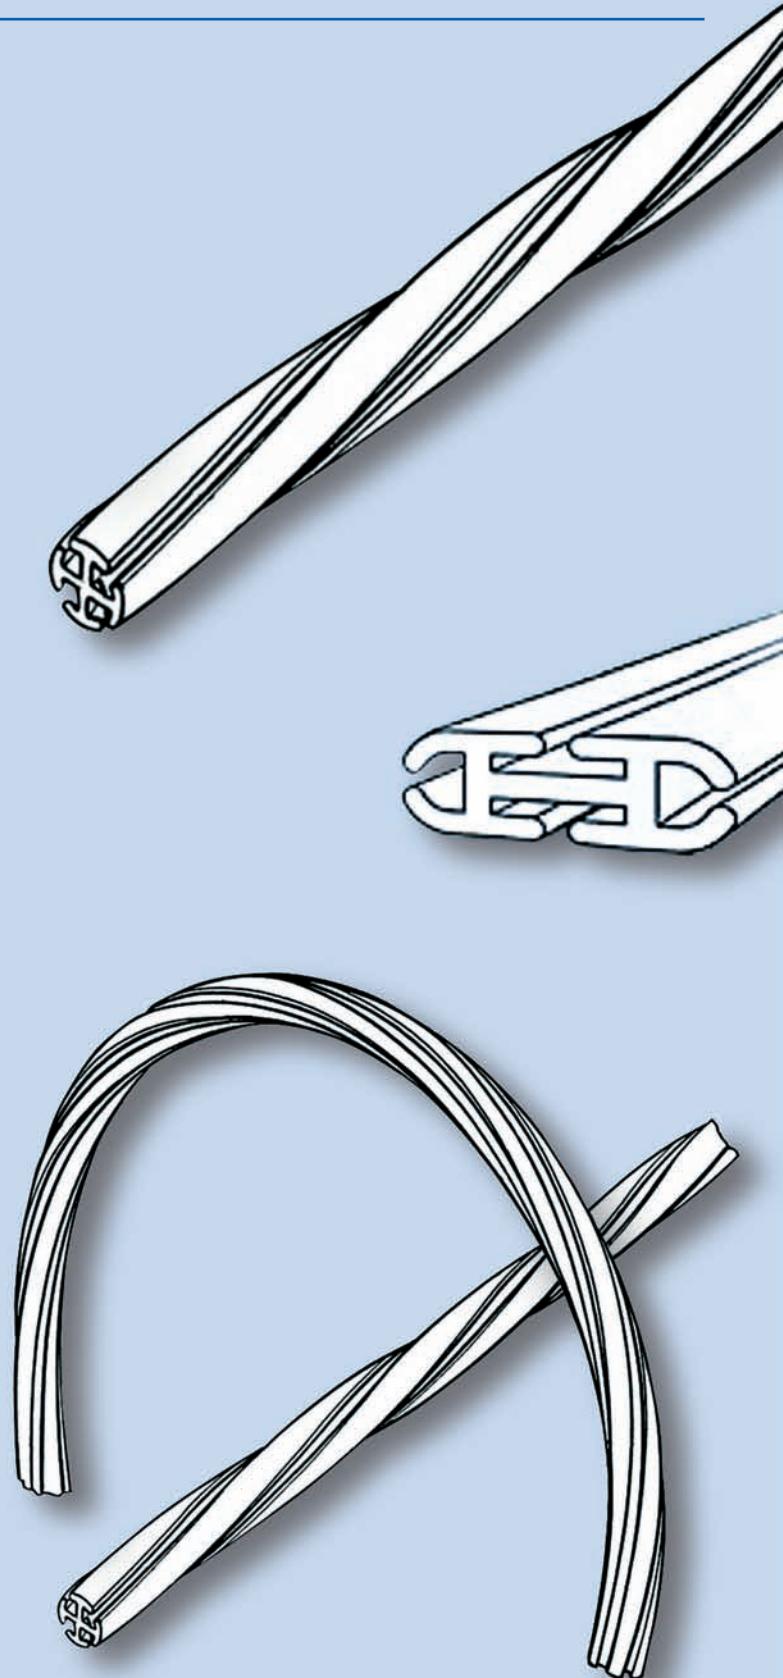

Recently a new application of Spiral Drain in Cardio-Thoracic application has been published on European Journal of Cardio-Thoracic Surgery, n. 27 (2005), page 134-137 titled "The use of flexible spiral drains after non-cardiac thoracic surgery".

Works also when subject to tractions or unusual positioning, especially when compared to traditional cross-section drains available on the market.

Avoids risk of occlusion and collapsing of drain and reduces risks of transmitting ascending infections to patients.

Available in different sizes, round and flat profile, with and without trocar also coupled with aspiration systems.

European Patent pending.

# Silicone Drentech Reservoir (Aspiration Systems)

Drentech Pump silicone reservoir for post operative drainage with low vacuum constant aspiration level.

Ideals for use with all silicone drains.

Reservoirs available in different capacities (100, 200, 400 ml) and featuring anti-reflux valve.

Drentech Closed silicone reservoir for closed-circuit post operative drainage, consisting of an aspiration reservoir with collection bag - ideal for use with all silicone drains.

Silicone Drains Jackson-Pratt type drains in transparent silicone with flat-round section, ideal for post operative drainage and continuous aspiration.

Round Spiral Drain	Standard	w/trocar
2,3 mm - CH 7	24607	24601
3,2 mm - CH 10	24610	24602
4,0 mm - CH 12	24612	24605
4,9 mm - CH 15	24615	24603
6,3 mm - CH 19	24619	24604
CH 19 for Thoracic version	24620	-
CH 24 for Thoracic version	24621	-

Flat Drain	Standard	w/trocar
3 x 7 mm	24623	24625
4 x 10 mm	24622	24624

PACKAGING: 10 PIECES PER BOX

Silicone Reservoir - Size	Ref. Code
100 ml	10400
200 ml, connector for double drains	10410
400 ml, connector for double drains	10420

PACKAGING: 10 PIECES PER BOX

Silicone Reservoir - Size	Ref. Code
100 ml with 200 ml bag	22610
200 ml with 200 ml bag	22630
200 ml with 600 ml bag	22620
400 ml with 600 ml bag	22600

PACKAGING: 10 PIECES PER BOX
